

Troubleshooting: When What You Are Doing Isn't Working

1

Do I have the skills I need? Check out the instructions.

Review what has already been tried.

- Do I know how to be skillful in getting what I want?
- Do I know how to say what I want to say?
- Do I follow the skill instructions to the letter?

2

Do I know what I really want in this interaction?

Ask:

- Am I undecided about what I really want in this interaction?
- Am I unsure of my priorities?
- Am I having trouble balancing:
 - Asking for too much versus too little?
 - Saying no to everything versus saying yes to everything?
- Is fear or shame getting in the way of knowing what I really want?

3

Are short-term goals getting in the way of long-term goals?

Ask:

- Is “NOW, NOW, NOW” winning out over getting what I really want in the future?
- Is emotion mind controlling what I say and do instead of WISE MIND?
