

IDENTIFYING THINKING TRAPS

Can you think of examples of the following thinking traps that you fall into?

Think about the situations when this happens and what you tend to say to yourself.

Can you think of a more balanced and rational thought that would be more fair and helpful to say to yourself in these situations?

THINKING TRAP EXAMPLE:	MORE HELPFUL THOUGHT:
Fortune-telling: 	
Black-and-white thinking: 	
Mind-reading: 	
Over-generalization: Never Say Never... ➔ Or Always	
Labelling:
