

## Goal Setting Guidelines

Goal setting and goal review are an important part of our programs. You will be asked to set goals to help you move towards your wellness. We will be setting a goal each day we meet.

### Step 1:

Go through the targets below starting with Target 1 (T1). If you are currently experiencing any items listed in a given target, **please stop at this target and do not move further down the list.**

| TARGET 1<br>                                     | TARGET 2<br>                                                                                                                                                | TARGET 3<br>                                                                                                      | TARGET 4<br>                               |
|-----------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| <b>LIFE THREATENING</b>                                                                                                           | <b>TREATMENT INTERFERING</b>                                                                                                                                                                                                                 | <b>LIFE WORTH LIVING</b>                                                                                                                                                                           | <b>SKILL BUILDING</b>                                                                                                         |
| <ul style="list-style-type: none"> <li>- Managing medical stability, self-harm, suicidal thoughts, behaviours or urges</li> </ul> | <ul style="list-style-type: none"> <li>- Absences from group, lateness, not participating, not doing home practice, being disrespectful in group, not taking your medication, poor sleep, poor eating, and substance misuse, etc.</li> </ul> | <ul style="list-style-type: none"> <li>- Choosing activities that bring you joy, mastery</li> <li>- Self-care, leisure, school/work, friends, good mental health, healthy relationships</li> </ul> | <ul style="list-style-type: none"> <li>- What skills do I need to practice?</li> <li>- Which ones haven't I tried?</li> </ul> |

### Step 2:

Using the **SMART** framework below, please set your goal using the identified target from above, that is relevant to your current experience/ situation.

| SPECIFIC<br>                                                          | MEASURABLE<br>                                                                                                                            | ACHIEVABLE<br>                                                                                                                                                                                                                         | REALISTIC/RELEVANT<br>                                                                                                                                                                                         | TIME-ORIENTED<br>                                                                                                             |
|----------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"> <li>- Well defined and detailed</li> <li>- What will you be doing?</li> <li>- <b>I.e. Going for a walk</b></li> </ul> | <ul style="list-style-type: none"> <li>- What metrics are you going to use to determine if you meet the goal?</li> <li>- How often?</li> <li>- For how long?</li> <li>- <b>I.e. 20 minute walk 2 times a week</b></li> </ul> | <ul style="list-style-type: none"> <li>- Is it too much based on current functioning?</li> <li>- Do I have the tools/skills I need to accomplish this?</li> <li>- <b>I.e. I haven't gone for a walk in months, 2 times in a week may be unachievable. Consider 1 walk this week, or 2 walks for 10 minutes</b></li> </ul> | <ul style="list-style-type: none"> <li>- Is it in your control?</li> <li>- Is this something that is interfering with daily life and related to top problems?</li> <li>- <b>I.e. I just had a knee replacement. I need to check with my doctor if this kind of exercise is helpful.</b></li> </ul> | <ul style="list-style-type: none"> <li>- Specified timeframe in which measurable change will occur</li> <li>- When do you want it completed?</li> <li>- <b>I.e. At 3:30 pm on Tuesday and Thursday.</b></li> </ul> |
